**PETITION TO REVIVE APPLICATION FROM ABANDONMENT AND
REQUEST FOR RE-MAILING OF NOTICE OF ALLOWANCE AND
NOTICE OF ALLOWABILITY**

Dear Sir:

Applicant hereby petitions to revive the above-identified application, and to vacate the abandonment of the application. The Notification of Abandonment dated July 9, 2003, states that the Applicant failed to respond to the Notice of Allowance and Allowability mailed February 19, 2003. Applicant's attorney respectfully requests that the Notice of Allowance and Allowability be re-mailed since the Notices were never received.

The applicant executed a Power of Attorney document on December 2, 2002 (attached as Exhibit A) directing that all future correspondence be sent to Whitham, Curtis & Christofferson, PC. This document was filed with the PTO on December 23, 2002 (attached to Exhibit A is a copy of the stamped postcard receipt showing acceptance of the Power of Attorney document on December 23, 2002) together with an Amendment under 37 CFR §1.111.

The Applicant did not receive at the offices of her designated attorneys the respective Notices in the above-identified application, or any other communication dated February 19, 2003 from the USPTO regarding this application. As such, it appears that the abandonment was unavoidable or, alternatively unintentional, and was due to a mailing error on the part of the USPTO, or U.S. Postal Service, and therefore, no fees for reinstating this application should be due.

A copy of the Notice of Abandonment is attached as Exhibit B to the Declaration of Mr. Michael E. Whitham.

As evidence that the Notice of Allowance and Allowability were not received in the offices of Whitham, Curtis & Christofferson, PC, the undersigned appends hereto the declaration of Mr. Michael E. Whitham (partner of Whitham, Curtis & Christofferson, PC). This declaration establishes the following:

- 1) Whitham, Curtis & Christofferson, PC has a multiply redundant docketing procedure requiring entry of office actions, including Notice of Allowance and Allowability materials, for both reminder dates and final due dates, into a widely recognized commercial patent docketing system available from Computer Packages, Inc., manual entry of final due dates in a handwritten (manual) ledger and docket file cards, as well as docket reminders maintained by individual attorneys and their secretaries. At the time of manual entry, the computer entered dates are cross-checked;
- 2) Mr. Whitham is directly involved with the supervision of the persons responsible for handling mail received by the firm and was directly involved with the supervision of persons responsible for handling the mail received by Whitham, Curtis & Christofferson, PC.
- 3) The Notice of Allowance and Allowability, mailed February 19, 2003, was not received in our office on those dates because no entries for these communications were made in any of the manual ledger, computer ledger or the docketing card file, while all of the docketing systems are completely consistent in regard to other actions including other separate actions pending in other applications on that date.

Specifically, pages from the computer ledger are attached to the Declaration as Exhibit C, as follows:

- A computer record of actions due for the above-identified application, case number 07650006AA, application number 09/329,217. This record shows

that a Notice of Allowance and Allowability and due dates for payment of the Issue Fee were not entered into the computer database.

- A computer record of actions due for case number 01240115BA. This case is not related to the above-identified application, but page 2 of the record as highlighted shows that a Notice of Allowance and Notice of Allowability was mailed on March 19, 2003, with actions docketed for response dates of April 19, 2003 (Reminder), May 19, 2003 (Due Date), and June 19, 2003 (Final).
- A computer record of actions due for case number 00990082AA. This case is not related to the above-identified application, but page 2 of the record as highlighted shows that a Notice of Allowance and Notice of Allowability was mailed on March 19, 2003, with actions docketed for response dates of April 19, 2003 (Reminder), May 19, 2003 (Due Date), and June 19, 2003 (Final).
- A computer record of actions due for case number 01640095AA. This case is not related to the above-identified application, but page 2 of the record as highlighted shows that a Notice of Allowance and Notice of Allowability was mailed on March 19, 2003, with actions docketed for response dates of April 19, 2003 (Reminder), May 19, 2003 (Due Date), and June 19, 2003 (Final).

A computer record of 07250018AA showing an Office Action having an Action Base Date of February 19, 2003 is attached as Exhibit D. This is the only Office Action in our system showing a Base Date of February 19, 2003.

- 07250018AA - US 30-Day Action showing a due date of March 21, 2003.

Also attached as Exhibit D are Computer records for the following cases showing internal actions with a base date of February 19, 2003. These records simply prove that there were numerous other actions with base dates of February 19, 2003, but not for the case in question:

- 01640396PR - Filing date due

- 01640397PR - Filing date due
- 01640397TA - Chapter II Due (National Filing)
- 01640397TA - Chapter II/Exam Fee due
- 02410317AA - Application Status check

A Notice of Allowance and Allowability mailed February 19, 2003, would have a due date of May 19, 2003. A computer record for all Office Actions with a due date of May 19, 2003 is attached as Exhibit E and shows that due dates for the following case numbers were docketed;

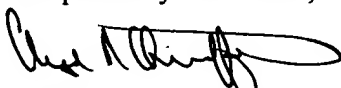

- 00770001AA - 11.5 Year Tax due
- 00380353AA - 6-month Final Due date for response to Final Office Action
- 03060027AA - 6-month Final Due date for response to Final Office Action
- 02410268AA - 6-month Final Due date for response to Final Office Action
- 04870009AA - 6-month Final Due date for response to Final Office Action
- 00750414BA - 6-month Final Due date for response to Final Office Action
- 01640095AA - 2-month drawing due date for Notice of Allowability
- 01640095AA - 2-month due date for payment of Issue Fee
- 00990082AA - 2-month drawing due date for Notice of Allowability
- 00990082AA - 2-month due date for payment of Issue Fee
- 01240115BA - 2-month due date for payment of Issue Fee
- 00380364AA - Information Disclosure Statement due date for filing

The page from the manual ledger for the date of May 19, 2003 attached to the Declaration as Exhibit F which shows that no entry for final due date was made into the manual ledger for the above-identified application.

In view of above, the Applicant requests that any Notice of Abandonment be withdrawn and that the respective Notice of Allowance and Allowability be re-mailed so that Applicant will have an opportunity to submit the requisite documentation and fees.

Respectfully submitted,

DOCKETING PROCEDURES AT WHITHAM, CURTIS & CHRISTOFFERSON, P.C.

Whitham, Curtis & Christofferson, PC has developed extensive docketing procedures with multiple redundancy to assure that important dates are not missed and that client's have ample time to provide instructions.

Whitham, Curtis & Christofferson, PC has committed the following resources to docketing functions:

- 1) Docketing Clerk – sole function is to manage and track the docket; primary source for computer entry of docketing information and generation of monthly, bi-monthly and daily docketing reports.
- 2) One partner who is responsible for overseeing all docketing operations – currently Michael Whitham.
- 3) Office Manager – responsible for handwritten docketing ledger entries.
- 4) Computer database dedicated to docketing. Developed and supported by Computer Packages, Inc. (brief description attached). The system runs on a WAN where each secretary and several attorneys have access for reviewing docketing information. Data entry is accomplished by the Docketing Clerk and Office Manager. Computer system is connected to uninterrupted power supply and all information is backed up daily. Total amount invested in software and hardware attributable to the docketing system is over \$100,000.
- 5) Card and form based procedures followed by secretaries and attorneys
- 6) Daily filing ledger and docketing ledger

WHITHAM, CURTIS & CHRISTOFFERSON PERFORMS
THE FOLLOWING PROCEDURES:

- 1) New applications
 - Reviewed by a partner
 - The application is assigned an internal tracking number for docketing purposes and a client/matter number for billing purposes
 - File folder is prepared
 - Docketing Clerk enters application information into computer docketing system including 35 USC 119 priority dates and dates that may be specified in instructions, inventor information, assignee information, etc.
 - Filing of new application is entered in daily filing book.
 - application is filed by courier at the attorney's window of the USPTO with a double receipt.
 - One receipt is stamped at the USPTO and immediately returned by courier and is then checked against daily filing book
 - One receipt is mailed from USPTO and is then catalogued numerically by docketing number;
- 2) Docketing Office Actions
 - Mail is opened and stamped "received" by Docketing Clerk;
 - Response deadlines are entered into computer system by Docketing Clerk;
 - Appropriate reminder deadlines for response are automatically generated by computer system. Reminder deadlines have been selected by Whitham, Curtis & Christofferson for each type of Office Action provided by the USPTO
 - Docketing Clerk enters Office Action on docketing card attached to Action; mail is then forwarded to Office Manager
 - Response deadlines are entered in handwritten docketing ledger book by Office Manager
 - Both shortened statutory response deadlines and redundant statutory deadlines are entered; concurrently the computer docket system entries made by the Docketing Clerk are checked by the Office Manager..
 - Office Action is returned to Docketing Clerk who associates Action with correct file and forwards to attorney assigned to file;
 - Responsible attorney and supporting secretary keep separate card files and calendars for response deadlines.
- 3) Office Actions - when response is filed
 - Response is prepared by responsible attorney;
 - Supporting secretary enters response into filing book and receipt is kept in back of book;
 - response is filed with USPTO using double receipt system discussed above

with New applications;

- first receipt is compared to copy of receipt kept in filing book and then clipped into file;
- second receipt is mailed from USPTO stamped; this receipt is then catalogued numerically and kept in card files.
- secretary then enters response information on response "red" card which is handed daily to Docketing Clerk who then enters the response filing date in computer system to close out action.

4) Office Actions - allowances

- Allowance and Allowability is received and logged in using methods in item 2) above.
- file is forwarded to attorney responsible for case and is reviewed and reported to client
- attorney completes Allowance checklist to ensure file is in proper order for issuance;
 - checklist confirms such things as the filing of formal drawings, submission of priority documents; assignment recordations; authorization for divisional and continuation applications, etc.
 - checklist is then attached to inside flap of file folder.

5) Redundant checks

- Docketing Clerk generates monthly, bi-monthly and daily dockets for each attorney and his or her supporting secretary using computer database reports. The printouts provide information such as type of action, due date and reminders for upcoming due dates;
- Docketing Clerk generates daily dockets the afternoon prior to the report day for each attorney and his or her supporting secretary which identifies all deadlines for the next day.
- Partner, Office Manager and Docketing Clerk check the daily reports and confirm appropriate action has been performed or will be completed, extended, etc.
- Office Manager checks the manual ledger book for any final, non-extendable due dates for the next day and alerts the attorney and supporting secretary; the secretary and/or attorney at that time must report to Office Manager as to the status of file, i.e., abandoned, allowed, continued, etc.
- Secretary and attorney check their daily card docket to identify any upcoming deadlines or reminders;
